### **Accepting Discipline Brings Success**

*God Nuggets, Issue 4*

***"It is a badge of honor to accept valid criticism." Proverbs 25:12 (Living Bible)***

When we break the ground rules, we set in motion negative consequences which serve to discipline (teach) us, only if we are open to "receiving the discipline"--meaning we take responsibility for how things turned out (even if it wasn't all our fault)--and resolve to act differently the next time and get back on the "path."

**Refusing discipline (*or not learning from our mistakes*) brings failure.**

The person (or fool) who insists on ignoring life's lessons, willfully violating God's ground rules and defying reality itself will "die" emotionally, spiritually, and even physically (*as we witness the astounding number of deaths due to various addictions*). These are people who chose to ignore discipline.
